and many more...

---

### PROFESSIONAL EXPERIENCE

#### TechHive AI

September 2023 – Present

Design and develop cross-platform mobile applications using React Native for both iOS and Android platforms. Collaborate closely with designers and backend teams to deliver intuitive and user-friendly interfaces. Integrate APIs, troubleshoot and resolve bugs, and optimize application performance for seamless user experience. Actively participate in code reviews and continuously stay updated with the latest trends and advancements in mobile technology.

#### LEADconcept

July 2021 – September 2023

Started as a Frontend Developer, creating responsive and user-friendly web interfaces using Bootstrap and JavaScript. Subsequently transitioned to React Native development, designing and deploying cross-platform mobile applications. Collaborated effectively with cross-functional teams to deliver high-quality digital solutions, contributing to both web and mobile projects.
